### PSS World Medical Decides Not to Renew Long-Term Contract with Beverly Enterprises

More Power.  
Still \$7. Scottrade

JACKSONVILLE, Fla.--(BUSINESS WIRE)--Sept. 13, 2005--PSS World Medical, Inc. (NASDAQ/NM:PSSI) announced today that its Elder Care Business subsidiary, Gulf South Medical Supply (GSMS), has decided not to accept the request by Beverly Enterprises, Inc. (NYSE:BEV) to renew its long-term distribution agreement. The Company cited concerns as to whether the likely acquirers of Beverly would honor and abide by past practices with regard to trade and credit terms. This concern is based on facts reflected in certain litigation pending in the Superior Court of Dekalb County, State of Georgia, styled: Gulf South Medical Supply, Inc. v. SavaSeniorCare, Inc.; Mariner Health Care, Inc.; SavaSeniorCare, LLC; and SavaSeniorCare Administrative Services, LLC, 05CV8409. The Company noted that its current contract with Beverly Enterprises has expired, marking the conclusion of a 20-year mutually productive relationship between the two companies. Annual revenues from Beverly Enterprises were approximately \$34.5 million in the latest twelve months.

David A. Smith, President and Chief Executive Officer of PSS World Medical, Inc., commented, "We have tremendous respect for the current management team at Beverly and the track record of patient care the Beverly staff and organization have established. In the interest of facilitating consistent patient care, we have agreed to temporarily extend our distribution to Beverly's facilities for 90 days, while we work with them to transition the business to a distributor of their choice."

PSS World Medical, Inc. is a national distributor of medical products to physicians and elder care providers through its two business units. Since its inception in 1983, PSS has become a leader in the two market segments that it serves with a focused market approach to customer services, a consultative sales force, strategic acquisitions, strong arrangements with product manufacturers and a unique culture of performance.
